Maddy had her twins, 2 girls Ailish and Brielle. they are one in a million, quite literally. They've become a pair of pint-sized celebrities.. Kier is so intrigued by them, he calls them 'ma babies'!

The highly unusual twins... one black, one white!  
Both gorgeous!

Mike's dad is over with Selina and their kids. We've tried to keep them happy. Robert is happy seeing all his grandkids but Selina is so demanding, she wants me with her all the time. It's been a fortnight without a second's peace.

I'm expecting our second next March, I'm trying to keep it quiet for a while as Maddy's got the twins and XiaLin's also had another little boy this year. I don't want to steal their moment.

Everyone seems to have guessed I'm pregnant. Mike's sister had a baby in November and when we went to see her, the first thing she said was, I didn't know you were pregnant... I had to tell everyone after that, even though it was getting a little bit obvious by then!
