I have my hands full with the kids these days. I sometimes look after the twins if Maddy's working. They're a crazy pair and Kier winds them up totally! I'm glad when Mike takes him off to football training.

Lexi had a baby, I'm so happy for her and Marcus. She was so worried and didn't want anyone to know when she was pregnant, in case anything happened. She was told she couldn't have kids. But now she has a lovely little girl, Maisie.

My sister Diana is getting married. I'm worried about how Melissa, her twin, will take it. I don't think she's ever got over being dumped just before her wedding.
