

Elenwë

Elenwë was a Vanyarin Elf, the wife of Turgon and the mother of Idril, to whom she passed on the golden hair of her kindred.

Her name means "Star" in Quenya.

She died during the crossing of Helcaraxë, while Turgon almost perished himself trying to save her, but only succeeded in saving their daughter.

Elenwë and Turgon

Elenwë perishes in the dangerous journey over the grinding ice of the Helcaraxë
