Hello, I'm Jaclyn - sometimes known as Jackie by my family. I lived here when I was a child but moved away during my university years and my early career. I moved back after I met David on a blind date set up by...don't laugh... my dad! With the help of some work colleagues who were all in on it.... thankfully it turned out well! Now I run an Estate Agency in the town, I'm having a troublesome time with the credit crunch but hopefully business will pick up again soon.

I love spending time with David, our 2 girls and our dog as often as possible, but also enjoy some peace and quiet at the gym!

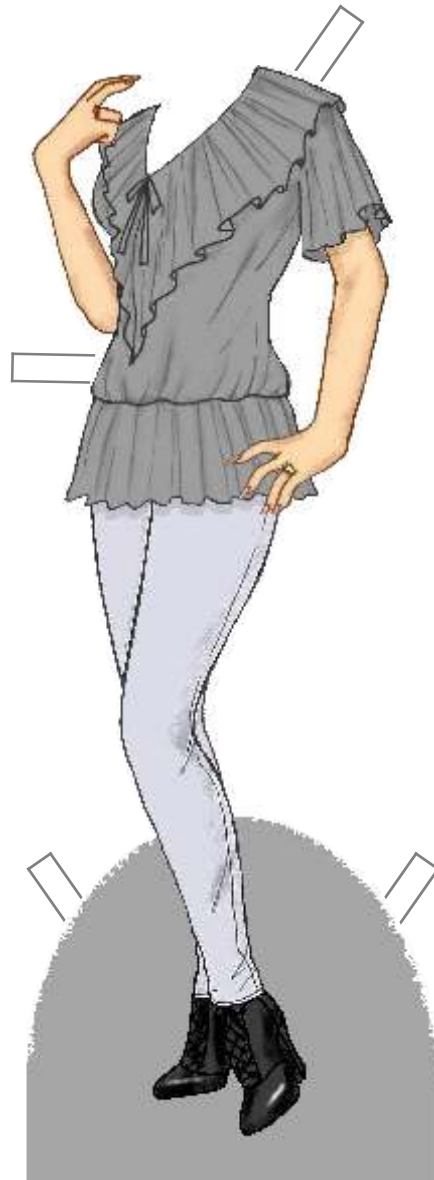

See you soon
