## Beautician at Aromatherapy' in Dunochart

1999-2004

I did a beauty therapy course at Perth College, when I finished it I took this job. A friend of mine, Monica runs it. I enjoy meeting lots of new people and doing the treatments but some people can be really demanding, they look down their nose at you, that annoys me quite a lot.

I wound down to part-time in 2003 to help Mike with the admin work at Live4it. After I had Kier, I gave it up completely, 2 jobs and a baby was too much! But it was a fun experience!
