

=Orome=

Oromë is one of the Valar, the brother of Nessa and spouse of Vána Ever-young. He is also sometimes referred to as the Huntsman of the Valar. His mighty horse, Nahar is said to be white at daylight and silver at the cover of the stars and darkness. Oromë is only second in strength after Tulkas, but he is a mighty warrior of terrible wrath and at the sound of his mighty horn, Valaróma, all servants of the Darkness flee away in fear. He is the hunter of monsters and evil beings, and he cares for horses and dogs and he loves the woods and the trees above everything else
